The Stadium FastPass™ Series is made for years of reliable service in high traffic/volume applications like stadiums, convention centers, landmarks and military bases. The cabinets are constructed of heavy 14-gauge, 300 series satin stainless steel and feature our 6500 Series Control Head (with auto indexing and shock suppression technology). Thousands are currently in use at leading pro-sports venues, amusement parks and high-profile attractions worldwide. The Stadium FastPass is the ticket to managing large crowds with reliability and speed.
